Our Qualifications

Along with our two decades of roofing experience, we boast plenty of professional accreditations and endorsements. Our qualifications include:

- Licensed by the Roofing Contractors Association of Texas (RCAT)
- Owens Corning Platinum Preferred Roofer
- CertainTeed-Certified Roofer
- A+ rating on the Better Business Bureau
- Member of Angie's List, A rating
- 5-star Google rating

These qualifications are more than just a name. We've earned this credibility by always going a step further for our customers and offering top-notch customer service, 24/7 availability, and a thorough knowledge of insurance support. We work only with high-quality materials, ensuring that your new roof or repair work will last. When you call us, rest assured that your roof is in expert hands.

Our Guarantee

Here at Calidad Enterprises, we understand that a roof is a big investment. Our goal is to help you protect that investment. That's why we offer a range of warranties on our services. Because we are an Owens Corning preferred roofer, we can offer our customers a 50-year warranty on new roof installation. If you get a new Owen Corning shingle roof, this comes with a lifetime shingle warranty. We also offer a 10-year workmanship guarantee on all new roof installations. Contact us today to learn more about all of our available warranties.

In addition, we can guarantee peace of mind, thanks to our \$4 million in general liability coverage. This includes workers' compensation along with pollution insurance, which provides coverage inside your home.

Our Roofing Services

Like we said before, we always go the extra mile for our customers. This promise has earned us a reputation for consistently delivering exceptional roofing services. We are available to repair, replace, and install all types of roofing systems, including composite, metal, tile, TPO, modified bitumen, wood, shingle, and flat roofs. We have a crew on standby at all times for any emergency roof repairs. If your roof has been damaged by heavy rains, a tornado, a hurricane, or other severe weather, contact us right away.

Commercial and Residential Roofing

Roof maintenance is part of owning property, whether it's for the home you live in or the place you conduct your business. Calidad Enterprises offers quality roofing services for both residential and commercial properties.

- Roofing service
- Residential roofing
- Commercial roofing

As a property owner, remember that your roof protects your investments—whether that's your home or your business—so invest in taking care of your roof!

Roof Repair and Installation

A good roof is built to last, but even the best roofs don't last forever. Repair and replacement are a part of the natural lifespan of a roof, but it's important to determine what the best course of action is for your particular piece of property. We offer a range of repair services that can delay the need—and the expense!—of a full roof replacement, including reroofing and roof coating.

- Roof repair
- Roof installation
- Roof Coating

If you're not sure what the right option is right for your property, we can provide you with a free roof inspection. We can also offer you more information on our impact resistant roofing options or roof coatings, so don't hesitate to give us a call.

Types of Roofs We Service

Because we work on all kinds of commercial and residential properties, we are experienced in repairing and replacing all types of roof systems. These include shingle, tile, flat, metal, and more.

- Shingle roof
- Tile Roof
- Flat roof
- Metal roof

No matter what type of roof you have, our experts offer the full range of services you need to keep it in prime shape or replace it when the time comes.

Emergency Roofing Repair

As a company, we got our start restoring and repairing homes in the aftermath of a hurricane in Houston, Texas, and we haven't stopped helping people with emergency roofing repairs since. With Calidad Enterprises, you never have to wait until morning to get help—we are available 24/7. Taking action quickly can prevent further damage and save you thousands of dollars, so don't hesitate to call any time of day or night.

Our company also specializes in helping the insured restore their homes. In addition to repairing and replacing roofs with fire or water damage, we also work on gutters, siding, windows, fences, drywall, and more.

Restoration, Remodeling, and Insurance Claims

At Calidad Enterprises, we specialize in roofing, but we also work as a full-service general contractor for all of your restoration and renovation needs. We can replace, restore, or update your property. If your home or business was damaged in a storm, our staff is also here to assist with the insurance claims process. We want to ensure that your property gets rebuilt like the damage never happened!

Water & Fire Damage Restoration

If your home or business has suffered from water, fire, or mold damage, call us immediately. We will come out and take care of the entire restoration process, from removal to cleaning and rebuilding.

If your property has flooded due to burst pipes, storm waters, or foundation leaks, we will work quickly to make sure your home or business is completely dry and free of any musty odors or mold. We secure the property to stop any more water from coming in and begin the removal process. Water extraction needs to be done as soon as possible to lessen the chance of mold growth.

Even a small amount of fire damage can seem insurmountable to the untrained eye. With our knowledge and skill set, we will handle every aspect of fire damage, including removing the lingering odor of smoke from your property. We won't rest until your home or office is back to its original pristine condition.

Mold removal is not a job for a novice. In fact, after we complete the extensive mold restoration process, the contents we capture in the filters of our extraction equipment are considered hazardous waste because of how serious a risk mold is.

Kitchen & Bathroom Remodeling

If you are interested in a new kitchen or bathroom, we would love to work with you to custom design a plan you'll be thrilled with. Our talented team members specialize in bathroom and kitchen renovation.

Our crew handles everything from the paint, flooring, plumbing, and wiring, so you don't need to contract multiple companies to get the job done. We have plenty of material and style options for you to choose from; call us today to start creating your dream kitchen or bathroom.

Insurance Claims

If your home has suffered from storm damage, call us! Navigating the insurance claims process on your own can be a tricky endeavor. We will review your claim and supplement the insurance company on items missed on your claim to ensure you are paid correctly which will allow us to restore your home as it was before the storm.

We understand the way the insurance carriers operate, and this helps us to make sure your claim is approved. We will meet with the company's adjuster for the inspection and advise you on the proper documentation to submit. Let us help take the stress out of dealing with the insurance company!
